CALMING CEILING WALLPAPER

Dieses Tapetenmotiv schafft Ruhe und Entspannung. Die auf einer kleinen Insel im Indischen Ozean entstandenen Bilder stärken neben der Lebensenergie und Erdverbundenheit auch die Willenskraft. Ihre Gedanken fliegen durch die schützenden Hölzer in die unendliche Weite der Natur. Durch die Belebung der Phantasie können Sie das sanfte Rauschen des Meeres und den leisen Klang des Windes, der die Hölzer umspielt hören. Diese Motive verströmen eine intensive Entspannung, die Geist und Seele erreicht. Aus medizinischer Sicht lassen sich die Effekte teilweise durch sinkenden Blutdruck, vermehrte muskuläre Entspannung sowie die Linderung von aktuellen Beschwerden erklären.

Dr. Elke Köglmayr, Limburgerhof

This wallpaper motif generates calmness and relaxation. The images, which originate from a small island in the Indian Ocean, boost not only the beholder's vitality and affinity with simplicity but also one's determination and willpower. Your thoughts wing their path through the protective treescape and into the boundless vastness of nature. The stimulation of your imagination enables you to hear the soft rush of the sea and the gentle sound of the wind at play around the trees. Our motifs radiate relaxation so intense that both mind and spirit become immersed. In medical terms, the effects are attributable in part to falling blood pressure, increased muscular relaxation and the alleviation of current symptoms.

Dr. Elke Köglmayr, Limburgerhof
